

Richard Gentle - Bio

Richard was born at home in The White House... no, not that one – in Gloucestershire, UK in 1961, but has spent most of his life living in Yorkshire. He entered the world with a strong sense of purpose to discover and create.

Polymath, teacher, and writer – Richard has developed his knowledge and understanding of the metaphysical over many years. Since his first booklet in 1987, 'How We Perform Negative Miracles' – photocopied and stapled together, he has moved to print-on-demand publishing. In 2013, he featured on Constance Arnold's Law of Attraction Radio, 'Think, Believe and Manifest Show' and in 2021 he gave a talk at the online California Seth Conference.
